

2020

We are proud to announce some special Cove weekends where you get a chance to fish alongside some of the countries leading carp anglers. The events run from Friday to Sunday on the Cove Lake, with; a social and take away Friday night, one to one time on Saturday with our guest angler, bbq and slide show in the evening. The weekend includes the fishing, food and guest angler. The cost of the weekends is £150.00 per angler.

THE COVE

Fish Stocks

The lake has been stocked with around a thousand carp between 5-18lb and when the lake was separated from the main fishery a number of original fish were trapped within The Cove. The current lake record is 31lb. Catches can be exceptional with weekend groups catching up to 200 fish a booking.

Facilities

The fishery has exclusive secure access and parking. There are 11 purpose built swims incorporating platforms to fish from, in a safe, clean and comfortable manner. Rod pods and stage stands are strongly recommended. All swims have weighing points, landing nets, weigh slings, buckets and unhooking mats to minimise the transfer of fish pathogens. Anglers are not permitted to bring their own landing nets, weigh slings and unhooking mats.

There are also toilet, shower and kitchen facilities available in our new cabin along with a barbeque area with wooden seating and large fire pit for the ultimate social.

Mark Holmes

24th - 26th April 2020

Mark Holmes needs no introduction, he's the first British angler to catch two UK 60 lbers & he has successfully targeted big fish for many years. Marks approach & angling thinking are forth right and innovative you couldn't fail to take away invaluable information to improve your own angling from this weekend. The dates have been booked to allow Mark to go through his pre spawning tactics.

Gary Bayes

26th - 28th June 2020

Gary is one of the country's leading carp bait brains having dedicated his working life to building Nash bait into one of the worlds leading bait companies. Former British record holder and first British angler to catch a UK 60 lber Gary's angling is not just confined to carp he has caught big fish of all species. The weekend will have a bait slant covering development, formulation, attraction, production and application.

Simon Crow

4th - 6th September 2020

Simon is a truly international angler having fished & caught big carp from all over the world. His dedicated, single minded approach to tracking down & catching the big fish from his chosen waters is something to be admired. Simon is happy to share his tactics and experience with others and this should be a truly enlightening weekend covering domestic and international carp angling.
